# AGRICULTURAL STATISTICS IN BRIEF

## MYSORE STATE

*Issued by*

BUREAU OF ECONOMICS AND STATISTICS

BANGALORE

BANGALORE :

PRINTED BY THE DIRECTOR OF PRINTING, STATIONERY AND  
PUBLICATIONS AT THE GOVERNMENT PRESS

1971

## P R E F A C E

"Food and Agricultural Statistics in Brief 1971" is the fifth issue of its publication wherein an attempt has been made to include all the essential and useful data relating to Agriculture, and its allied sectors of economy in Mysore State. The last report was for 1965. The latest data available for the years have been included.

2. This publication which was compiled by the Agricultural Statistics Division of the Bureau includes data collected from the various Departments of State and Central Government whose co-operation is gratefully acknowledged.

3. It is hoped that this publication will provide useful and valuable data for those who are interested in Agriculture and allied subjects.

4. Suggestions for improvement of this publication are welcome.

R.Sampath Kumaran,  
Director,  
Bureau of Economics and Statistics.

Bangalore,  
Dated: 15th June 1971.

Bureau of Economics and Statistics,  
Bangalore.

Sl.No. Table No.

Contents

1. Area and Population

- 1.1. Population: Area and Density by district+/- divisions.
- 1.2. Trend in population from 1901 to 1971.
- 1.3. Rural and Urban population and their percentage to the total population.(1951 & 1961 census years).
- 1.4. Estimated mid-year population from 1961 to 1971.
- 1.5. Projected population by sex in Millions.
- 1.6. Population according to Livelihood class.
- 1.7. Area and population of Mysore and other States in India (1971).
- 1.8. Population of Mysore State as compared with other States in India (1971 census).
- 1.9. Population and Land per capita by districts.
- 1.10. Comparison of census population of 1971 with 1961 and 1951.
- 1.11. Projected population for Mysore State up to 1981.

2. Climate.

- 2.1. Mean temperature of the selected centres.
- 2.2. Actual and normal distribution of Rainfall by seasons (in millimetres).
- 2.3. Districts with different ranges of normal Rainfall (annual).
- 2.4. Type of soil in Mysore State.

3. Agriculture and Livestock

- 3.1. Classification of area.
- 3.2. Irrigated area.
- 3.3. Number of wells used for Irrigation purposes.
- 3.4. Area Irrigated by different sources (1968-69)
- 3.5. Area irrigated under principal crops.
- 3.6. Cropping pattern.
- 3.7. Area under principal crops.
- 3.8. Index numbers of area under Agricultural crops.

- 3.9. Average yield per hectare of principal crops.
- 3.10. Production of principal crops.
- 3.11. Index numbers of Agricultural production.
- 3.12. Index numbers of Agricultural productivity.
- 3.13. Agricultural Regions and crop patterns.
- 3.14. Relative share of districts with regard to area of important food crops.
- 3.15. Relative share of districts with regard to area of important non-food crops.
- 3.16. Crop Calendar: Crops for which sowing commences before June and harvesting commences in the next Agricultural year.
- 3.17. Crop Calendar of other crops (Rabi, Summer & perennial)
- 3.18. Area under Mulberry and production of rawsilk.
- 3.19. Quantity of foundation seeds produced on seed farms(processed seed).
- 3.20. Total number of seed farms established (District-wise and yearwise)
- 3.21. Plant protection: No. of sprayers and dusters supplied to farmers.
- 3.22. I.P.sets serviced since July 1968 to September 70.
- 3.23. Livestock population.
- 3.24. Agricultural Implements.
- 3.25. Number of Veterinary Institutions.

#### 4. Food and Civil Supplies.

- 4.1. Distribution of foodgrains through fair price shops in Mysore State.
- 4.2. Import of food-grains from outside Mysore State.
- 4.3. Food-grains requirements of Mysore State.
- 4.4. Procurement and levy collection of food-grains in Mysore State.
- 4.5. Food-grains requirements based on State estimates.
- 4.6. Number of Regulated Markets in Mysore State.
- 4.7. Annual turnover of principal agricultural commodities at Regulated Markets.

#### 5. Prices and Wages.

## 5. Prices and wages.

- 5.1. Consumer's price index numbers for working class (General index)
- 5.2. Average wholesale prices of selected commodities.
- 5.3. Annual average retail prices of some important food articles.
- 5.4. Farm harvest prices of agricultural commodities in Mysore State (District wise)
- 5.5. Monthly average agricultural wages in each district of Mysore State.

## 6. State Income

- 6.1. State Income of Mysore at current prices.
- 6.2. State Income of Mysore at constant prices (1956-57)
- 6.3. Per capita Income of Mysore at constant prices (1956-57).

## 7. Five Year Plans

- 7.1. IV Five year plan-outlay and expenditure.
- 7.2. Targets Foodgrains production potential distribution, among different development programmes.
- 7.3. Plan provision for agriculture and community development.

## 8. Community Development.

- 8.1. Coverage.
- 8.2. Achievements under Community Development programmes.

## 9. Co-operation.

- 9.1. Comparative position of Co-operative societies. (All cooperative societies, Number, membership and working capital)
- 9.2. Comparative position of cooperative societies, number and membership of cooperative societies by types.

## 10. Miscellaneous.

- 10.1. Production, Imports and Distribution of fertilizers
- 10.2. Quantity of fertilizers indented allotted and distributed.

2.4 Types of Soil in Mysore State

Sl. No.	Types of soil	Districts
1.	Deep black soil	Central part of Gulbarga, Southern and Eastern part of Bijapur, Northern part of Raichur district and north Western of Chitradurga district.
2.	Red black soil	Northern part of Bidar, Bijapur, Dharwar, Southern and Northern part of Gulbarga, Southern part of Raichur, Central part of Chitradurga and Northern & South Central part of Belgaum district.
	a) Shallow -do-	Small North-Western portion of Bijapur district.
3.	Red Loam	South-Western part of Belgaum North Eastern part of North Kanara, South Kanara, Western part of Hassan, Chickmagalur, West Central part of Shimoga and major portion of Coorg district. Eastern part of Tumkur, Northern part of Bangalore, South and North of Kolar district.
4.	Red sandy loam	Southern part of Dharwar, major portion of Bellary, Eastern part of Shimoga, Chickmagalur, Hassan and Chitradurga district, major portion of Tumkur, Mysore Southern part of Bangalore, Kolar and Mandya district.
5.	Laterite soils	Southern eastern part of Bidar, North Eastern part of Gulbarga, Major Central part of N.K., S.K., Western part of Shimoga, small western part of Coorg, Chickmagalur and North-Western of Bangalore and Central portion of Kolar.
6.	Mixed red and black soil	South eastern part of Belgaum, northern and small portion of southern part of Dharwar, Southern part of Bijapur, South Central part of Raichur, North eastern and small portion of Bellary, major part of North Eastern and South Eastern part of Chitradurga. Small, x portion of North West of Tumkur and North-Central portion of Mysore.
7.	Coastal Alluvial	Narrow coastal belt of western part of North Kanara and South Kanara, district.

#### Miscellaneous

##### 4.3 Foodgrains requirements of Mysore State (figures in lakh tonnes).

Year	Items	1956	1971	1976	1981
Estimate-I	Cereals	41.69	47.17	53.39	59.79
	Pulses	10.96	12.43	14.16	15.70
	Total	52.65	59.60	67.55	75.49
Estimate - II	Cereals	50.42	57.00	64.54	67.91
	Pulses	7.44	8.42	9.53	10.02
	Total	57.86	65.42	74.07	77.93
Estimate - III	Cereals	38.56	43.46	48.83	53.70
	Pulses	7.71	8.75	9.83	10.80
	Total	46.27	52.21	58.66	64.50

Note: Estimate No.1. This estimate is based on the per capita consumption levels specified for different age groups and is obtained by simply multiplying the per capita requirements by each age bracket by the no. of persons in that group in population.

Estimate No. II The estimate of foodgrains requirement is computed on the per capita consumption level of 576 grams since according to NSS 'per person consumption has been obtained by dividing the total consumption by the corresponding estimated total population', the total cereal requirements are obtained by multiplying per capita level of 576 grams by the gross population figures for Mysore.

Estimation No. III The third estimate about the requirement of foodgrains is based on the formula for consumption patterns of cereals and pulses as specified by the State Agency.

4.5 Food grains requirement based on State Estimates  
(Figures in lakh tonnes)

Items	1965	1971	1976	1981
Adult equivalent population (86% of gross population) (in hundreds)	27582	25652	28888	21690
Cereals	38.55	43.46	48.83	53.70
Pulses	5.71	8.75	9.83	10.80
Total	44.26	52.21	58.66	64.50
Increase over	...	12.83	26.70	39.38

According to State estimate the requirements work out to 52 lakh tonnes by 1971.

- Note:
1. The per capita consumption level for cereals and pulses are assumed to be respectively 15 ozs or 422 grams and 3 ozs or 85 grams per person per day.
  2. The adult equivalent population corresponding to the gross population is taken arbitrarily as 86% of the latter.
  3. The non-food utilisation is 10% of the gross requirements.
